

NEW RAILINGS AND REPAIRS TO STAIRS

If you have come to Mass and used the main stairs then you have certainly noticed the new railings and the other cosmetic repairs done to the stairs. It was certainly overdue, but more importantly needed to be done for safety reasons.

There are still more repairs that need to be done and we have been exploring those options with the diocese. That's probably a few years off as we would need to raise money for further repairs to the front of the church before proceeding.

The replacement of the HVAC system is moving forward. Hopefully we can take delivery of the necessary equipment in a timely fashion. We should be done before Christmas.

If you would like to contribute directly to any of these projects you can either contact the office or place an envelope in the collection basket marked "stairs" or "HVAC" and those monies will go directly to those projects.

PARISH OUTREACH

Our Parish Outreach Office is up and running. As we look to continue our mission of helping those in need I have asked Donna Singer to coordinate the program with the help of volunteers.

If you are interested in helping we are only asking for a few hours a month. With several volunteers already stepping forward we can create a schedule that is not too burdensome for any one individual. Please prayerfully consider volunteering. Contact the office for more information.

RELIGIOUS EDUCATION/FAITH FORMATION

We are also looking for volunteers to assist in the Faith Formation program. This work is scalable to your level of commitment. We are looking for volunteers to help supervise children and guide the children's discussion of religious topics at scheduled gatherings. All necessary training will be provided. Contact Briana Maggio in the Faith Formation Office here at the parish.

Lastly, with regard to Faith Formation, registration closes September 1, 2022. Please do not wait to register.

God bless you all, Fr. Sikorski
